Q3. Clinical Performance in Adult Block - Satisfactory or Needs Improvement. In the text space, please indicate either satisfactory or needs improvement and provide an explanation supporting your selection.

Satisfactory-- I still feel that I have a lot to learn, particularly getting a better handle on the literature and using it in clinical practice. But I have progressed a lot and learned so much over the past 6 months and feel that my development has been satisfactory.

Q4. Clinical Performance in ENT or Dermatology Clinic if Applicable - Satisfactory or Needs Improvement. In the text space, please indicate either satisfactory or needs improvement and provide an explanation supporting your selection.

n/a

Q5. Clinical Performance in Peds Block - Satisfactory or Needs Improvement. In the text space, please indicate either satisfactory or needs improvement and provide an explanation supporting your selection.

Satisfactory-- I have a solid background in general pediatrics and have been able to build on that in the A/I field. I have been able to identify my weaknesses and am working on improvement my knowledge base and have taken feedback and made appropriate adjustments.

Q6. Please rate you research progress - Satisfactory or Needs Improvement. In the text space, please indicate either satisfactory or needs improvement and provide an explanation supporting your selection.

Needs Improvement-- I have been able to get a solid start on my research but there is still a lot to do prior to presenting at the AAAA. I have a plan in place, however, to complete these tasks. I have also discussed career goals as it pertains to research and have a couple leads to pursue for future research projects.

Q7. QI Project Progress? - Satisfactory or Needs Improvement. In the text space, please indicate either satisfactory or needs improvement and provide an explanation supporting your selection.

Needs Improvement-- I have an idea of a QI project I would like to pursue and have identified contacts/mentors to further develop my idea and put it into action.

Q8. Classes/Conference attendance - Satisfactory or Needs Improvement. In the text space, please indicate either satisfactory or needs improvement and provide an explanation supporting your selection.

Satisfactory-- I have been able to attend most of the conferences as allowed by clinic scheduling

Q9. Presentation Skills - Satisfactory or Needs Improvement. In the text space, please indicate either satisfactory or needs

improvement and provide an explanation supporting your selection.

Satisfactory-- Of the presentations I have done thus far, I feel that they have been organized and easy to understand. I have worked hard to understand the material well and present a thorough review of the material. That said, there is always room for improvement and I look to develop these skills further in the future.

Q10. Please identify your areas of weakness

I need to work on expanding my knowledge and understanding of the basic science and keeping up to date with the literature and how it affects patient care. I also need to work on my efficiency in clinic and confidence in making medical decisions.

Q11. Please identify how you plan to improve your areas of weakness

The most important thing to improve on my weaknesses is to keep reading and preparing for lectures. I also need to continue to ask questions and understand others' clinic decisions to better understand the thought process behind it.

Q12. Please identify your strengths

I think that I am a hard worker and willing to put in the effort to work in my weaknesses. I also take constructive criticism to heart and try not to make the same mistakes twice and learn from my mistakes. I also think I work well with others and have good rapport with patients.

Q13. Please list your career goals and the support you need

I would like to get more involved in the public health sphere of A/I. At my mentoring meeting, I was able to express these goals and identify individuals and projects that will support these goals. I think I have a good vision right now and now need to devote the time to pursue these.
